Upcoming contracts	2
Glen Contacts	3
Pool Calendar	4

**As we head into the heat of the summer, I'd like to update the Glen on a few items.**

**Vacations:** We've had a few months now with just two staff and I have heard many compliments for the work that **Nelson Orndonez** and **Maria Castro** have been doing. Both Nelson and Maria are planning to take vacations with their families this summer **so we'll be down to just one person for most of the summer** except for the week of August 6<sup>th</sup>. This may test our staffing needs but we are confident that, short of an emergency, Nelson and Maria will each be able to hold down the fort in the other's absence. We will, of course, bring in additional assistance if it becomes necessary.

**Glen Truck:** As everyone that has ever owned a vehicle knows, there comes a day when escalating repair costs require difficult decisions. We have bitten the bullet and decided to donate the Glen Truck to a worthy cause. We will review our transportation needs over the next several months and consider our options.

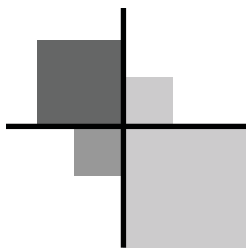

**Street Work Nearly Complete:** The County has finished upgrading our water mains. Paving should begin during the week of July 9 on Utah Street and moving to 36<sup>th</sup> Street toward Quaker Lane, then down Stafford, finishing on 35<sup>th</sup> Street.

**Parking:** Please give close consideration and attention to reserved parking spaces, including those for visitors. There are now so many cars in our neighborhood that parking is at a premium. Street work in the past year has made a difficult situation far worse. If your lot has no extra spaces, then any visitor parking in that lot will be in someone's reserved spot. If that person is visiting your home, the spot he or she parks in should, obviously, be yours. Visitor spaces are available in some lots. In general, our policy is that the second or third car in a household should be parked on the street rather than in a visitor spot. This will leave those spaces for actual visitors and tradesmen. Please try to avoid exercising squatter's rights in a visitor's spot. **In Court 11, we have for some years reserved two spots for maintenance vehicles during work-hours. These spots should be made available for Glen related business between 7 AM and 3:30 PM, Monday through Friday.**

To my mind, all of this falls under the general good neighbor policies by which we all try to live. No one wants to have to resort to calling the towing company.

—Bob Patrician

## LANDSCAPE NEWS

**Fall Walkthrough:** Interested residents should plan to join the Glen's Landscaping Committee and contractors on **Saturday August 11 at 8:00 am** for the Fall Landscaping Walkthrough. We will meet at the traffic circle and make our way around all 16 courts to review planting & pruning requests and identify other needs. A great way to meet neighbors and learn more about the Glen's landscaping and challenges relating to its maintenance. The whole tour usually takes about 3 hours, so join us for just a bit if that works better for you.

**Landscaping request Form Reminder:** The July Glen Echo contained a landscaping request form that should be submitted by July 15 for consideration as part of the Fall Walkthrough. If you have misplaced your copy, you can get the July Glen Echo online at [fairlington.org](http://fairlington.org) or just send an e-mail to [hohlweg@verizon.net](mailto:hohlweg@verizon.net) with the details of your request and address. Alternatively, request forms can be dropped off at 3545 S. Utah St.

**Patio Trees:** Letters will soon be going out to owners who have patio trees that are touching the roofs and gutters and require pruning. As you know, plantings in patios are the owner's responsibility to maintain. If you have a large patio tree that you would like to prune or remove, but don't know how to go about such a large task, please contact Beth Cousino at (703) 569-5797 (ext. 5010) to take advantage of work we are coordinating for such trees in the fall. While owners will have to pay for this work themselves, we are aiming to bundle all this work with our tree service company into a single day when they will be on a property, and the rates for such work will be considerably less than if you called them separately for such jobs. No work will be undertaken until you approve the quote for your patio tree.

**Watering:** We are headed into the two hottest months of the season, and if we continue to get 2-3 week dry spells, this is going to be very hard on our trees and bushes. The grass will go dormant (albeit also turn brown), but will bounce back as soon as the rains return - trees and shrubs on the other hand can be significantly harmed during prolonged droughts. If we experience such conditions in the next 2-3 months, we encourage you to soak the area around large trees with a slow running hose for a few hours, once every 2 or 3 weeks. Just this little amount of extra water can make a significant difference in keeping the trees healthy for the coming years and decades

**Beth Cousino, Community Manager**      **703-569-5797 X 5010**      [b.cousino@cmgmt.com](mailto:b.cousino@cmgmt.com)

### Contractors in the Glen:

Once the street paving is finished, **Dominion Paving will seal and stripe parking lots for courts 1,8,10,14, and 15.** The **painting of Courts 9 to 12** will begin in late August. **Roof work in Courts 3 and 15** will take place in September.

**Bulletin Board:** We have a new bulletin board near the pool entrance. We will use it regularly to display agendas and other items of interest.

**Mice?** We have a contract with Triple S Services for pest control in exterior areas of the Glen. If you see mice or other rodents in exterior areas of the Glen please call Triple-S at 703/352-7738 and ask to speak to Amanda.

Fairlington Glen Contact List: July 2007

**BOARD OF DIRECTORS: Meet first Thursday of the month**
