

The Glen Echo

Newsletter of Fairlington Glen

April 2019

Glen Launches New Website

Fairlington Glen co-owners and residents should be proud of the Glen's newly-launched website, <https://www.fairlingtonglen.com>. Make a note. Bookmark it. And be sure to visit often. Our new site, which is now active, puts a fresh coat of paint on a site that remains full of a variety of Glen historical information and current news/announcements. The new site remains a valuable resource to all.

Please join me in thanking the many folks who have volunteered to make this happen, including Ron Patterson, Joey Seich, the Glen Board, and Candace Lewis of Cardinal Management.

The Glen owes an incredible amount of gratitude to Patterson who, in 1999, launched our first website as a volunteer and continued until now to maintain our site on a pro bono basis. Patterson, a long-time Mews co-owner, designed, launched, and managed the sites for the six South Fairlington associations. In late 2018 he announced that he would be retiring from his post at year's end, but he has been kind enough to maintain our legacy site throughout the transition to the new site. Learn more about Ron on page 3 of this month's newsletter.

Court 16's Seich volunteered to become the Glen's new webmaster after Patterson announced his upcoming retirement. She has a vast knowledge of web management, so she is perfect for the job. Together with the Board and Lewis, she started designing our new site, which included a new domain name. As you can imagine, this required a lot of work and a lot of meetings/discussion. I should note that Joey did this while being pregnant with her first child. Both the baby and the new website arrived in 2019!

Once again, please be sure to visit <https://www.fairlingtonglen.com> for our By-Laws, Handbook, Board meeting minutes, newsletters, and more.

Jay Yianilos, Editor

The *Glen Echo* is published monthly. Our editor is always looking for ideas or input. If you have something to put in the newsletter, please e-mail Jay Yianilos at jasonyianilos@yahoo.com.

The *Glen Echo* is published online each month on the Glen's website, at <https://www.fairlingtonglen.com>.

To be notified by e-mail when the latest edition is published, with a link to the newsletter, give us your e-mail address by signing up for Glen Alerts via the Glen's website. Your e-mail address will be used only for official Glen business.

News From The Board

The Fairlington Glen Board of Directors held their monthly meeting on Tuesday, March 12, 2019. Here are some of the notes from that meeting.

ENVIRONMENTAL UPDATE

Trent Zivkovich, the Glen's environmental attorney with Whiteford Taylor & Preston, addressed the latest in the ongoing situation regarding the chemical contamination matter. For an update, please contact Candace Lewis with Cardinal Management.

APPROVED

The Board approved a contract with James R. Walls Contracting Company, Inc. in the amount of \$7,840 for chimney repairs at 4119 S. 36th Street (Court 4).

The Board approved a contract with NVM Paving and Concrete in the amount of \$4,500 for sidewalk repairs throughout the Glen.

The Board approved a \$1,000 bonus for onsite staffer Maria Castro to commemorate her 20th anniversary as a Glen employee.

The next monthly Board meeting will be on Tuesday, April 9, 2019 at 6:30pm at the Fairlington Community Center, located at 3308 S. Stafford Street.

CRG To Meet; Court 8 Rep Still Needed

The next quarterly meeting of the Court Representatives Group (CRG) is set for Monday, April 29 at 7:00pm at the Fairlington Community Center. All court reps and alternates are encouraged to attend, as are those interested in becoming a court rep.

We are still in need of one volunteer court rep in Court 8. Residents of this court are asked to consider this call to action to serve your community. Your help is needed! Those interested may contact Thora Stanwood, the chair of the CRG, at thorastanwood@gmail.com.

Fairlington Glen's CRG serves as the primary communication link between co-owners, residents, and the Board. The CRG serves as a forum for interchange and communication at the local court level and deals with tasks that are best performed on a court-by-court basis. The CRG is chaired by a co-owner and is comprised of a representative and/or alternate (co-owners or renters) from each of the 16 courts.

Among the CRG's functions are to welcome new residents to the court, maintain a contact list with email addresses for your court, transmit information from the Board to the court's residents and transmit suggestions from the court's residents to the Board, check for rules violations, inform residents of and remind them of Glen policies, monitor the physical upkeep of the court and report maintenance problems, and notify the management agent of items requiring immediate action.

Webmaster Ron Patterson Retires

As mentioned on page 1 of this issue, Fairlington Mews co-owner Ron Patterson, who served as the Glen's webmaster for 20 years, has retired. You may have lived here for many years and never known who was maintaining our site, but now you'll know the full scoop.

Ron served on the committee which helped to secure historic designation for Fairlington from the Virginia Landmark Register in 1998 and the National Register of Historic Places (by the U.S. Department of the Interior) in 1999. In addition, he was the first president of the Fairlington Historical Society and was honored with a plaque from the Fairlington Historical Society Board of Trustees. Ron also served as the Mews treasurer and co-editor of the Mews newsletter.

He designed, launched, and managed the South Fairlington websites beginning on June 4, 1999. North Fairlington (Fairlington Villages) had its own site.

Ron said he learned basic web design while he worked for the Federal Government and used his knowledge to design the first Fairlington Historic District website in 1999. Ron admitted that he learned basic web skills while on the job - "much to the chagrin of my managers since it was not in my job description."

"Having no training in web design, I had to teach myself coding, internet protocols, photography for the net, and a lot more," he said. He didn't have state-of-the-art computer equipment in 1999, so he had to secure and learn software & updated equipment, and continued to do so for the past 20 years...all while serving the community as a volunteer.

Ron retired from the government in 2002, and in 2003 he served as the production manager for the 60th Anniversary Edition of the book "Fairlington at 50: May 1943-May 1993." The original edition was published by Glen resident Catherine Fellows in 1993. For the anniversary issue, Ron and his partner Tom Corbin had to type the complete text from the previous edition because there were no computer files for that first publication.

As you can tell, Ron has been fully committed to the Fairlington Community for quite some time through countless hours of volunteering.

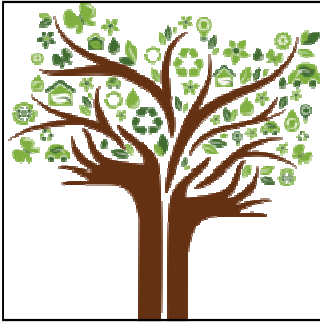

The Fairlington Glen Board of Directors chose to honor Ron with a monetary gift of thanks for his service to the Glen's website.

Please join the Board and the community with a big THANK YOU to Ron Patterson!

*Long-time Fairlington volunteer
Ron Patterson.*

Professional Landscapers Beautify The Glen

Maintaining common areas in the Glen is one of the Board's most basic responsibilities. To fulfill that responsibility, the Board has contracted with Environmental Enhancements (EE) to be our professional landscaping company. Fred Peratt and his staff are working on a three-year contract with the Glen to help beautify our wonderful neighborhood.

On page 5 of this month's *Glen Echo* you'll find a chart that Fred provided for us to detail EE's services to the Glen for 2019. We've all seen the landscape crews in our courts and heard the whirl of their mowers and leaf blowers, but if you'll spend a few moments glancing at the chart you'll have a better appreciation for what EE provides to us on an annual basis.

It takes more than a green thumb to maintain attractive and functional landscaping. Our contractor employs a professional staff and trained labor crews to help keep the Glen and its curb appeal looking great.

Landscaping is very important to the community's quality of life, its image, its value, and even its resale value. In fact, it's a long-term investment in our community. Maintaining it can be expensive, but it's well worth it.

Volunteers Needed For Spring Clean Up

Winter is finally over...we think. Frigid temps, snow & ice, soaking rains, and those cold, gusty winds should all be behind us for now. And that means it's time for spring cleaning!

Our landscapers have already been out to clean up leftover leaves and downed twigs/branches. Crews from EE will be laying down mulch throughout the Glen early this month. And now it's our turn to spend two or three hours as a group to help the Glen look its spring best.

The Board and the Landscape Committee are once again teaming up for another Spring Clean Up Day on **Saturday, May 4**. Volunteers are needed to spend some time cleaning up our perimeter areas along the interior and exterior fence lines on King Street and Quaker Lane and helping to remove ivy from many of our common area trees, especially along the perimeter. Both adults and children are welcome to join. This is a great opportunity to meet your fellow neighbors, make new friends, and pitch in to help make the Glen's landscape even more beautiful.

To join the group of volunteers, please email glenlandscaping@gmail.com. Then plan to meet at 9:00am on **Saturday, May 4** at the entrance to the pool. We ask that you bring your own gardening gloves and/or tools, but we'll provide trash bags, safety vests, and any additional tools necessary. A team of volunteers should be able to get the work done in time to enjoy snacks back at the maintenance facility.

It's one day. Two or three hours total. Your community needs you. Please volunteer to help!

Fairlington Glen Grounds Maintenance 2019 Projected Dates

Landscape Seeks More Volunteers

Last month, Barbara Dean resigned as co-chair of the Glen's Landscape Committee. Our thanks to Barbara for serving on Landscape for several years and doing such a great job. That leaves co-chair Zack Parsons to assume the chair of the committee moving forward.

In addition to the May 4 Spring Clean Up Day mentioned on page 4, Zack is looking for additional volunteers to join the committee. You don't have to have a green thumb, but any knowledge of trees, plants, gardening, etc. is helpful. For more information, please email Zack at glenlandscape@gmail.com.

B Building Hallway Redecoration Group To Meet

The Glen's newly-formed B Building Hallway Redecoration Committee will meet on Wednesday, April 10 at 7:00pm at the Fairlington Community Center, located at 3308 S. Stafford Street.

Committee chair Jay Yianilos reports that the group is gathering ideas from other B Buildings throughout Fairlington and consulting with a Glen resident who is an interior designer. Volunteers have identified paint, carpeting, flooring, lighting

and new light fixtures, and repairs to front doors as the priorities.

The Board formed the committee in January 2019 and tasked the group with generating ideas for updating/redecorating the common area spaces of the Glen's 23 B Buildings.

Pool Committee Is Gearing Up For Summer

Pool Committee Chair Monica Wiedemann reported at the March 12, 2019 Board meeting that her group is already preparing for the upcoming pool season.

The pool hours will be the same as last year, with opening day set for Saturday, May 25 at 10:00am.

New pool passes for 2019 will be delivered door to door beginning in May. The 2018 purple passes have expired and are no longer valid for pool entry this year.

A new foosball table and a duck ramp have been purchased for the pool. The duck ramp will be installed by our onsite crew once the pool cover is removed.

Finally, the Fairlington FINS have submitted their annual request to use our pool for the week of July 22. The Board unanimously approved their proposal granting the FINS the use of the lap lane and one additional lane for swim practice Monday-Thursday from 3:30 to 5:30pm that week AND then the entire pool from 6:00 to 7:00pm on Friday of that week for their swim meet.

Patio Trees Are a Co-owner Responsibility

Patio trees, along with other trees throughout the Glen, beautify our neighborhood. They provide shade for humans, homes for birds, and contribute to a healthy environment.

However, please remember that patio trees are the responsibility of the co-owner to maintain, including trimming and removal when appropriate. Branches should not touch roofs, gutters, buildings, or interfere with other common elements such as tennis courts. Trunks and roots should not intrude into your neighbor's yard or common elements or even push against fences. If they do, you will be required to remove them at your expense.

When planting new trees in patios, we urge you to consider small trees whose eventual size is scaled for small areas like our patios rather than mighty oaks or maples that are better suited for more open areas. Some trees appropriate for patios include:

Deciduous Magnolia

Star or Gem Magnolia

Eastern Redbud (many color varieties)

Serviceberry

Mountain Laurel (can be grown as small tree)

Crepe Myrtle

Red Spruce

Plum

River Birch

Kousa Dogwood

Bald Cypress

Styrax

Japanese Maple

You Can Help to Save Our Fences

You can help to save our fences by simply **maintaining the interior of your patio fence**. Here are two ways you can make our fences last longer:

1. Remove vines from the fences. The Glen does not allow vines on patio fences because they degrade the wood.
2. Remove any leaves, dirt, low-lying plants, and debris from the bottom of your fence. This will facilitate drainage and thereby reduce wood rot and slat warping.

The Glen's patio fences will be quite costly and inconvenient to residents to replace, so we need to make them last as long as possible.

It's Tax Time Again

Tax season is here, and if you haven't already filed your federal and/or state tax returns yet, please remember that the deadline to file is April 15 for federal returns and May 1 for Virginia returns.

If you're due a federal refund, you can start checking on the status of your return using the "Where's My Refund?" online tool on www.irs.gov. You can check once per day about 24 hours after the IRS receives your e-filed return or four weeks after mailing a paper return. The tool has a tracker that displays progress through three phases:

1) Return Received, 2) Refund Approved, and 3) Refund Sent. All that is needed to use "Where's My Refund?" is the taxpayer's Social Security number, tax filing status (such as single, married, head of household), and the exact amount of the refund claimed on the return.

"Where's My Refund?" is updated no more than once every 24 hours, and usually that's overnight, so there's no need to check the status more than once per day.

Fairlington Farmers Market Reopens Next Month

The 2019 season of the Fairlington Farmers Market kicks off on Sunday, May 5. Get ready for the fifth season of our neighborhood farmers market offering great foods from new and returning vendors and occasional pop-up vendors.

You can buy fresh produce, grass fed meats, fresh eggs, cheeses, baked goods, flowers, prepared foods, coffee, hot breakfast sandwiches, and more.

The market will be open every Sunday through November 17 from 9:00am to 1:00pm at the rear side of the Fairlington Community Center. Fairlington residents are encouraged to walk to the market.

For more information, visit www.fairlingtonfarmersmarket.org. And remember that volunteers are always needed at the market.

Help Wanted - Lifeguards Needed

Atlantic Pool Service, Inc., the Glen's pool contractor, is now hiring lifeguards for summer employment.

They are looking for certified lifeguards and pool operators to work in the Fairlington area this summer. We haven't had a Glen teenager working at our pool in a few years. If your son or daughter, or perhaps someone you know in Fairlington or nearby, is qualified, please have them contact Atlantic.

For applications and more information, call 703-941-1000 or email atlanticpoolinc@aol.com. Or visit Atlantic online at www.atlanticpoolservice.net.

6th Annual Fairlington 5K Is April 27

The Fairlington 5K road course passes through the Glen on April 27

Get ready for the 6th Annual Fairlington 5K Run & Walk on **Saturday, April 27.**

This family-friendly event will again be hosted by Abingdon Elementary School and the Fairlington Citizens Association (FCA) to promote health & physical fitness AND to raise money and awareness for Ellie McGinn, a 10-year-old Fairlington Arbor resident who was diagnosed in 2011 with a rare degenerative brain and spinal cord mitochondrial disease for which there is no known cure. The disease slowly robs children of their ability to walk, then stand, and then to coordinate all motor skills.

Participants can take part in the 1K Walk & Fun Run or 5K (3.1 miles) through Fairlington. Part of the 5K course even comes through the Glen. If you can't participate, perhaps you can help cheer on the runners and walkers.

Registration rates for the 5K will be \$35 for adults, \$20 for kids 6-16, and FREE for children 5 and under. Costs for the 1K Walk & Fun Run are \$15 for adults, \$12 for kids 6-16, and FREE for children 5 and under. Participants will receive t-shirts.

Packet pick up will be Friday, April 26 from 3:00 to 6:00pm at Abingdon Elementary School at 3035 S. Abingdon Street.

Please note that during the event many streets throughout Fairlington will be closed to traffic for up to 60 to 90 minutes. These are rolling road closures, so after the race goes by, that portion of the road will open back up. Road closures begin at 8:00am and, pending delays, should be open by 9:30am. Part of this race comes through the Glen, so plan accordingly!

If you're not participating, grab your coffee and head outside to cheer on the runners and walkers. For more information, please visit www.fairlington5K.com.

And Don't Miss The Silent Auction

A silent auction on **Friday, April 5** from 6:00 to 8:00pm at the Fairlington Villages Community Center, 3005 S. Abingdon Street, will help to raise funds for "A Cure For Ellie" and reading & physical fitness programs at Abingdon Elementary School.

Silent auction organizers say nearly 100 items and services donated by local vendors will up for grabs to the highest bidder. Doors will open at 6:00pm, and the bidding will start at 6:30pm. Light snacks and beverages will be available.

Proposed Real Estate Property Tax Increase

A public hearing on Arlington County's proposed real estate property tax increase is scheduled for Thursday, April 4 at 7:00pm at the Ellen M. Bozman Government Center, located at 2100 Clarendon Blvd. Arlington County proposes to increase property tax levies.

1. Assessment Increase - Total assessed value of real property, excluding additional assessments due to new construction or improvements to property, exceeds last year's total assessed value of real property by 2.7%

2. Lowered Rate Necessary To Offset Increased Assessment - The tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above, would be \$0.967 per \$100 of assessed value. This rate will be known as the "lowered tax rate."

3. Effective Rate Increase - Arlington County proposes to adopt a tax rate of \$1.0205 per \$100 of assessed value. The difference between the lowered tax rate and the proposed rate would be \$0.0535 per \$100, or 5.5%. This difference will be known as the "effective tax rate increase." Individual property taxes may, however, increase at a percentage greater than or less than the above percentage.

4. Proposed Total Budget Increase - Based on proposed real property tax rate and changes in other revenues, the total budget of Arlington County will exceed last year's budget by 5.4%.

5. The County also proposes to maintain the real estate tax for properties used for or zoned to permit commercial and industrial uses at the current rate of \$0.125 per \$100. Revenue from this tax is dedicated for transportation initiatives.

The County also proposes to maintain the sanitary district tax at the current rate of \$0.013 per \$100 of assessed value. Revenue from this tax is dedicated for the storm water management fund.

Spring Cleaning Reminders

Now that spring is here, it's time to begin our annual rite of spring cleaning. Oh joy!

If you have piles of papers that need to be shredded, please remember that on the first Saturday of every month, Arlington County offers free paper shredding to County residents from 8:00am to 4:30pm at the Solid Waste Bureau's Earth Products Yard, located at 4300 29th Street South. You may bring up to two boxes or two bags of paper to shred. To learn what types of paper are accepted, visit www.arlingtonva.us and search "paper shredding."

You may want to also conduct a spring clean on your social media accounts. Double check your privacy settings on Facebook, Twitter, Instagram, and Linked-In. Consider deleting photos and updates that you wish to no longer represent you. And perhaps this is a good time to change your passwords.

Arlington E-CARE Spring Recycling Set For May 4

Arlington County's popular biannual Environmental Collection and Recycling Event (E-CARE) is scheduled for Saturday, May 4 from 8:30am to 3:00pm - rain or shine.

Join the efforts at their new location - 1425 N. Quincy Street. That's across from Washington & Lee High School and the David M. Brown Planetarium.

Be sure to follow these important guidelines: Bring your ID to verify County residency. Materials will only be accepted during the event's posted hours. Business & commercial wastes will not be accepted. Materials should be in their original containers or properly labeled. Leaking containers should be bagged or boxed to prevent spills. Non-hazardous refuse materials will not be accepted. Smoking is not allowed at the drop-off site.

Arlington County residents can safely dispose of old or expired household hazardous materials (HHM's) such as automotive fluids, batteries, car care products, household cleaners, paint products (25-can limit), lawn & garden chemicals, corrosives, flammable solvents, and propane gas cylinders. Recycle small metal items. Computers, printers, keyboards, scanners, copiers, cellphones, and TV's will be collected. There is a \$15 fee for each computer monitor and a \$20 fee for each TV containing cathode ray tubes - cash or checks only. LED or LCD monitors and TV's can be recycled free of charge. Large wooden console TV's will not be accepted.

Household devices containing mercury, such as thermostats and thermometers, will be collected. Compact fluorescent lights (CFL's) will be collected on site as well.

Acceptable small metal items include pots & pans, tools, Venetian blinds, small appliances, and metal items fitting in an 11.5-inch by 46-inch opening.

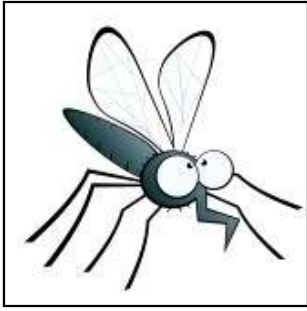

Bikes For The World will accept serviceable and repairable bicycles to be sent to countries where they are needed for basic transportation. A \$10 donation per bike is requested to help with shipping costs. They will also accept donations of baseball & soccer equipment AND bike parts & accessories.

Unaccepted materials at this event include smoke detectors, prescription medications, asbestos, Freon, and explosives & ammunition.

For more details about E-CARE, visit www.arlingtonva.us/recycle or call 703-228-6570.

Learn More About Mosquitoes & Ticks

With warmer weather ahead, we must now start to think about the return of mosquitoes and ticks. In fact, mosquito season in Northern Virginia typically runs from May 1 to October 31.

With that said, the Fairlington Citizens Association (FCA), the Virginia Cooperative Extension, and the Master Gardeners of Northern Virginia (MGNV) are co-sponsoring a presentation on **Tuesday, April 9 at 7:00pm** at the Fairlington Community Center, 3308 S. Stafford Street, room 118.

Master Gardener Joan McIntyre, who is also MGNV President, will talk about mitigating mosquitoes and ticks in an environmentally safe manner. She will teach you ways to enjoy the outdoors this spring and summer by protecting yourself, your family, and your yard from mosquitoes and ticks without using chemicals.

After the presentation, McIntyre will be available to answer your questions. For more information, please call the Virginia Cooperative Extension office at 703-228-6414.

Street Sweeping Season Is Underway

Arlington County's annual street sweeping season begins this month and continues through October. Street sweeping removes accumulated debris and pollutants, such as sand, salt, metals, petroleum products, and bacteria, before they wash into streams, the Potomac River, and the Chesapeake Bay.

The County estimates that 814 lane miles are swept countywide. The County has divided Arlington's 59 civic associations into 11 street sweeping zones, and Fairlington falls into zone 2. Our next three scheduled street sweeping dates are **April 9, May 7, and June 11**.

Street sweeping occurs between 7:30am and 3:00pm. Arlington County asks residents who have parked on County streets to move their cars from the streets on street sweeping days so that the street sweepers can provide more effective sweeping.

Arlington Begins Spring Cleaning For Water Pipes

From now through May 6, Arlington's safe and dependable drinking water may taste slightly different as the regional supply system undergoes its annual spring cleaning. Crews at the Washington Aqueduct have begun the temporary disinfectant switch from chloramine to chlorine.

The annual switch is part of a routine program to clean and maintain the drinking water system. During the cleaning, Arlington's Water, Sewer, and Streets Bureau continually monitors the output for safe chlorine levels as well as conducts system-wide flushing to enhance water quality. Running cold tap water for about two minutes, using water filters, and letting water sit in a container in the refrigerator are generally effective for removing chlorine taste and odor.

Arlington Home Show & Garden Expo

Arlington's signature home remodeling event returns on Saturday, April 27 from 10:00am to 4:00pm at Kenmore Middle School, 200 S. Carlin Springs Road.

Learn from the experts how to make your home the best it can be by attending the many FREE classes and workshops. Seminar topics include home renovation financing, plumbing repairs, home gardening, green remodeling, aging in place, and downsizing. There will even be a landlord seminar for small landlords and a first-time home sellers workshop.

Enjoy more than 60 exhibitors who will talk with you one on one.

Admission and parking are FREE, but keep in mind there will be limited seating for classes on a first come basis. For more information, please go to www.arlingtonhomeshow.org or call 703-228-3765.

County Announces 2019 Paving Plans

Arlington County has announced its plans for street paving for 2019, and while no streets in the Glen are affected, several others in Fairlington are.

As you can see in the map to the left, S. Utah Street next to the Fairlington Community Center, identified in red, will be milled, paved, and re-stripped this year. And several streets in North Fairlington will be as well.

The County typically mills the top inch and a half to two inches of the existing pavement and then applies a hot-mix asphalt to resurface older, deteriorated streets. Their paving program runs from March to mid October.

A notice letter will be mailed to all residents included in the paving project map about four to six weeks in advance of the start of the annual paving operation. Additionally, door hangers will be distributed to affected residents with more specific information 48 hours prior to the paving of their street.

If you have any questions or concerns, please direct them to Arlington County by contacting Francis Soulamany at 703-228-7822 or Reza Hafezi at 703-228-7823.

For more details, please visit <https://transportation.arlingtonva.us/streets/street-maintenance/>.
